

### Changes to the Priority Enrolment Area for our school

The Education Directorate monitors population changes and trends across the ACT and looks at how this affects student enrolment in our public schools. At times, this results in changes to the Priority Enrolment Areas (PEAs) - that is, which suburbs feed into which local school.

Currently, the suburb of Kambah is shared between The Canberra College and ourselves, Lake Tuggeranong College. However, population changes brought about largely because of the development of Molonglo, mean that Kambah's status needs to change. From the commencement of the 2018 school year Kambah will be a shared suburb for Lake Tuggeranong College and Erindale College PEAs.

For many of you, this will not be an issue; however, we are keen to hear from any family that might be concerned. Please feel free to contact me directly, on 6142 3660 or email [info@ltc.act.edu.au](mailto:info@ltc.act.edu.au) This information will be shared in the broader Tuggeranong school community by the Directorate in coming days.
