Clarity on R Units

The purpose of an R unit is to recognise the time a student engages in a learning experience.

Time spent participating in an R unit is what counts.

So, for example, absences from LinC class cannot be counted towards receiving any R unit points, even with parent permission for the absence. This means that students who have missed time in any R unit and do not get to the required hours (11 hours for a 0.2 R unit) will not get the credit point.
